Committed to HSE zero

OUR COMPANY PROFILE

Ramsingh Industrial Services Limited (RISL) was founded as a sole proprietorship company in the year 2014 by **Bryan Ramsingh**. In 2018, we were then incorporated as a limited liability company under the laws of the Trinidad and Tobago company's Act. The company then brought **Riza Guyadeen** to the Board of Directors. Together with a team of trained and certified employees, suppliers, aligned technical companies and over 20 years of field experience we have built a solid foundation for the Construction, Mechanical Engineering, Food and Beverage Manufacturing Industries.

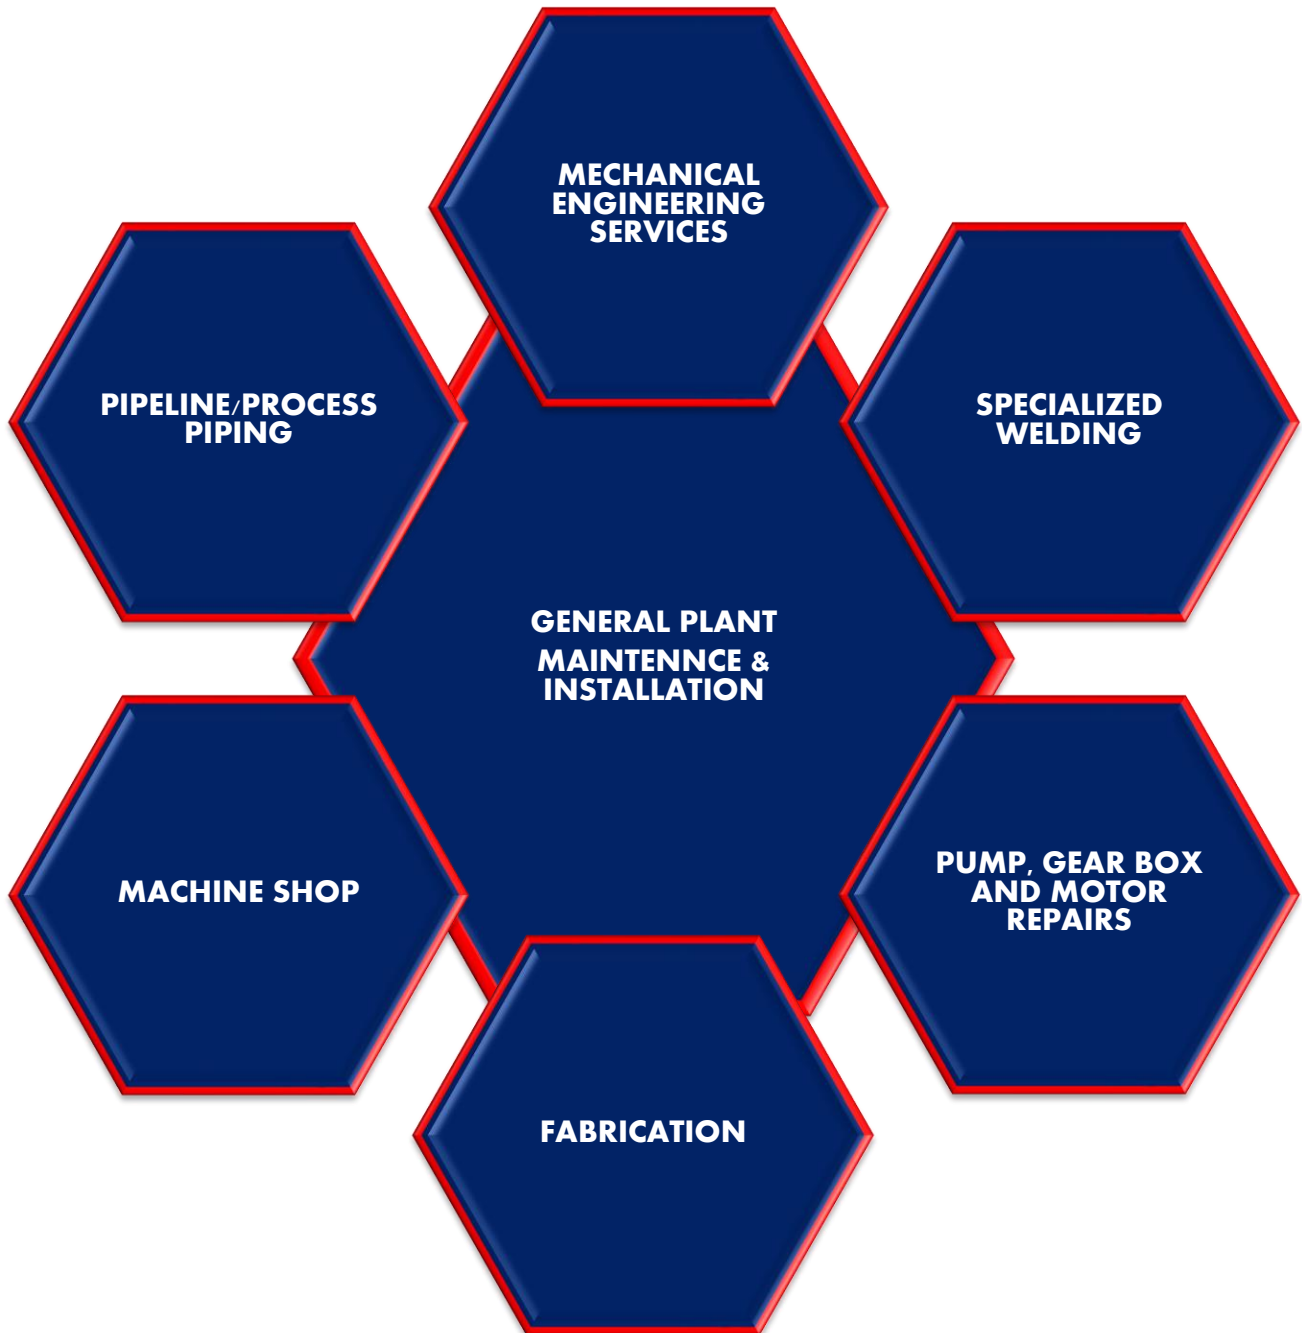

OUR VISION

RAMSINGH INDUSTRIAL SERVICES LIMITED (RISL) has set its vision to become the premier solution company that provides an A class standard of leadership and services in the field of Mechanical and Civil Engineering. We are striving to become the leading company in terms of client satisfaction, innovation, professionalism, and superior quality solutions while maintaining and keeping the HSE standards. Our set standards of rapid responses, cost efficient and creative solutions to our client's benefit have aligned itself with our top priority listing. Our team combines technical skills with superior understanding of our clients' needs and the environment in which our clients operate. We are committed to building a working partnership with our clients that adds value and consistently exceeds expectations. Our focus is to provide an efficient, effective, safe and professional service to our clients while forming long-term relationships through the high standards of industrial values and work ethics.
